SOUTH KOREA WINS SECOND MAX MANSFIELD AWARD FOR MEMBERSHIP GROWTH

BY AMANDA VASAS

From 241 teams in 2018 to 624 teams in 2019, South Korea is this year's unprecedented two-time Max Mansfield Award for Membership Growth winner! Accepting the award at this year's World Finals Awards Ceremony will be Co-Associate Directors Royce Young Hyun Back and In Suk Kim.

"The Odyssey of the Mind Korea Association is a group of people preparing for the future education of Korea. It hasn't been long since we started, but Odyssey of the Mind in Korea is a revolution and innovation from an educational point of view," said Kim.

Recently, South Koreans are adopting an educational philosophy that departs from an emphasis on heavy memorization. Kim said Odyssey of the Mind has proven to be a powerful alternative that embodies a creative, converged education system - organically connecting science and technology, engineering, math, art and performance.

Odyssey advocates such as Kim and Back believe that creative problem-solving skills are a must, not only for adolescents, but for

South Korea was also awarded the Max Mansfield Award at 2018 WF.

Korea's future.

"It's up to our adults to guide the growing youth toward the future of humanity. There should be a desire to be responsible for the future of growing students - this desire will impress students and it will certainly change them," said Kim.

While some Korean educators view STEAM education as difficult to adopt within the current educational system, the South Korean Odyssey Association

is working to develop a system that Koreans can easily access and navigate. Among their own creative solutions to this sizable problem, the association directors have created an animation for each problem - giving students a fun approach to the challenges - and have created an online process to make it easier for teachers to guide their teams. Teams have also developed a scoring system that Kim says fosters a healthy competitive spirit.

"We are honored not because we have received this award," said Kim. "We believe that it is the result of encouraging each other and not giving up until the end for the youth's future."

OotM & MSU TEAM UP TO BE SPARTAN GREEN

Michigan State University welcomes all students participating in the 2019 Odyssey of the Mind competition. As a resident on campus you are now a Green Spartan.

As a Green campus we encourage you to lessen your impact on the environment by taking some simple steps that will keep Michigan State University clean and green.

Here is how you can help:

Reduce/Reuse- Bring a refillable water bottle and refill at our hydration stations rather than purchasing bottled water. Turn off the lights when you leave a room. Turn the water off while brushing your teeth.

Recycle- The MSU Recycling and Surplus Center allows our campus to divert over 60% of our waste from landfill. When taking apart your props please be mindful and put it in the appropriate recycling bins.

It is your responsibility to put material into the recycling containers. MSU recycles the following material:

- Office paper
- Mixed paper/boxboard, cardboard, newspapers
- All plastics, Plastics include items such as plastic grocery bags, shrink wrap, bubble wrap, etc.
- Glass
- Cloth

- Metal, includes wire mesh, soda cans, and other kinds of metals.
- If you created something unusual that has re-use potential, let us know.
- Additionally, all plastic and metal carbonated beverage containers can be recycled.

Prop unpacking and assembly areas will have special recycling containers to make recycling in the prop room easy. Please read the signs and utilize our co-mingled recycling containers in the prop areas and divert items from the landfill.

If you want to save your prop for shipping home, we will have signs onsite for you to do so.

Re-educate- There will be signs all over campus to help Odyssey participants understand how to divert materials from the landfill and Be Spartan Green. Be a role model through your actions and take the lead on being Spartan Green: **reduce, reuse, recycle.**

****Please note:** For your safety, Odyssey participants and guests are instructed to stay out of back dock and dumpster areas. Odyssey participants found in these areas will immediately be disqualified from the competition.

Thank you for being Spartan Green! Good luck in competition, and know that Michigan State University is proud to be the 2019 host site of Odyssey of the Mind.

You will be assigned to a specific residence hall and dining center for your meals at team registration. All persons staying in a residence hall will be issued a color-coded wristband for use of recreation areas, and Conference Card allowing them into the appropriate dining center, as well as living wing access. For those staying off campus, but wishing to eat in a residence hall, cash and credit cards are accepted at each entrance host.

Many special dietary needs can be accommodated by simply choosing appropriately from the wide variety of choices that will be available at each meal. If you have a team member with a medically required dietary need (such as a food allergy), please make contact with either the Dining Manager or Executive Chef of your dining hall. The staff in Culinary Services are well versed in dietary needs, and can assist in making appropriate menu choices.

Upon entry, please have your Conference Card ready. Each Conference Card can only be used once per meal period. It is important to immediately report lost Conference Cards, due to the living wing and elevator access. Report lost cards to the Service Center of your hall. NOTICE TO ALL PARTICIPANTS

PIN TRADING RULES

Trading Odyssey of the Mind pins is a tradition that goes back 40 years. Millions of pins have been traded and thousands of friendships have been made during this time. No one ever thought that pin-trading would become as popular and widespread as it is today. Over the years, Odyssey of the Mind strived to create an environment where people can trade pins without being disruptive to the competition. To keep pin-trading a positive experience for everyone, it is extremely important that participants abide by these rules:

1. Respect others. Not everyone at World Finals trades pins, and there are always teams preparing to compete that should not be distracted.
2. Trade pins in designated pin-trading areas. Do NOT trade pins in any area marked "No Pin Trading."
3. Pin-trading is not allowed at the team entrance or spectator entrance to any performance site. It is not allowed in any stairwells, doorways, or entrances to buildings. It is also not allowed in any area where teams compete or where others gather to watch teams compete. If you are in a designated pin-trading area in a hallway, be sure to allow enough room for people to pass by.
4. If an Odyssey of the Mind or University Official asks you to stop trading pins or to move from an area, you must honor that person's request.
5. Selling pins is not allowed.
6. Never taunt others by criticizing a trade, any pin someone is trading, or anyone's collection.
7. If you trade in a location where pin-trading is not allowed, or tease others about their pins and trades, your pin collection may be confiscated. If your collection is confiscated, you will be able to pick it up the following morning at the Odyssey of the Mind Information booth. Only Odyssey of the Mind officials, your parents, or your coach may confiscate your pin collection.
8. Do not trade with Odyssey of the Mind Officials while they are working.
9. Do not pressure anyone into a trade.
10. Please show your Odyssey of the Mind Spirit when trading pins. Do not take advantage of youngsters or first-time traders. If only fair trades are made, the Odyssey of the Mind World Finals experience will be all the better for everyone. If you find lost pins, please take them to the Odyssey Information booth.

ADVICE FOR FIRST-TIME PIN-TRADERS

1. If you have never traded pins before, observe others before taking part in the process. A pin's value is based on its appearance, the number available at World Finals, and if it is international.
2. The goal of trading pins is to collect the ones you want. Make sure you want the pin you trade for and, once you get it, be happy no matter what anyone else tells you.
3. If someone wants to make a trade with you and tells you that you will be making a great deal, you probably are not being offered an equal trade.
4. Pins are traded up until the time you leave for home.
5. Have something to keep your pin collection in or on. Official World Finals pin towels and pin bags are available at the Odyssey of the Mind souvenir centers. Make sure you write your name somewhere on your collection in case you misplace it. If you happen to misplace it, notify the Odyssey of the Mind Information Booth.

THANK YOU FOR YOUR COOPERATION!
