

# VIRTUAL WORLD FINALS

May 16 - 30, 2020

Presented by Creative Competitions, Inc.

# Odyssey of the Mind Pledge

Odyssey of the Mind is in the air, in my heart and everywhere.

My team and I will reach together to find solutions now and forever.

We are the Odyssey of the Mind.

# Odyssey of the Mind 2020 World Finals

Dear Odyssey of the Mind Team Member, Coach, Parent, Family Member, and Volunteer,

The year 2020 saw the world in a pandemic like most of us have not experienced in our lives. Thousands of teams from all around the world worked long hours over a great deal of time to create original solutions to this year's problems and suddenly the world was closed. We thought our teams could creatively put together solutions in a safe manner and they did not let us down. More than 700 teams registered for the Odyssey of the Mind 2020 Virtual World Finals!

I would like to thank the Creative Competitions, Inc. staff for continually working while abiding by health and safety guidelines. More importantly, I want to thank the 200 volunteer officials who have worked so many hours preparing our systems for an online competition and who will be spending many hours watching performances so teams can be scored. There are not words to show my appreciation and I know the teams feel the same way.

Thank you for being a part of this event. Enjoy the Virtual Creativity Festival and be sure to order a commemorative tee shirt or sweatshirt.

With great admiration to you all I wish you a healthy and happy future!

Sincerely,

Samuel W. Micklus, Director Odyssey of the Mind International

Same a. Mully

### World Finals Events

### May 16

Virtual Opening Ceremonies Live Broadcast, 7pm EST. Let the games begin!

### May 16 - May 30

#### Creativity Festival open!

Be sure to take part in creative problem-solving challenges from OdysseyHQ,
Arm & Hammer<sup>TM</sup>, NASA, and Odyssey Associations.
Have fun and earn virtual stamps!

# 2020 VIRTUAL WORLD FINALS FAMILY PROBLEM

### May 18

Virtual Family Problem deadline is May 22. Have fun and solve an Odyssey problem as a family from within your home! Visit the web to read the problem and enter. Finalists will receive a plaque and be announced during the Awards Ceremony.

### May 30

**Awards Ceremony Live Broadcast**, 8pm EST. The world champions of creativity will be announced! Open to all.

# Odyssey of the Mind **Spirit Award**

The Spirit Award is presented to an individual involved in the Odyssey of the Mind program who, through personal action, demonstrates the encouragement and development of cooperation, self-respect, and the

appreciation and understanding of others. This year's award goes to: Jeff Carter, NY.

unning an Odyssey of the Mind Scoreroom takes a lot of planning, precision, and communication with people across the U.S. and beyond. Needless to say, running the World Finals Scoreroom takes even more than that. As the International Problem Captain for the Scoring, Jeff Carter plans all year for this three-day event where almost 900 teams are scored. Each year, the WF Scoreroom runs smoothly and efficiently because of his leadership, organization and attention to the tiniest detail.

So when things drastically changed for World Finals this year, all his work and planning was put to the side. Showing his true Odyssey Spirit, Jeff Carter did not miss a beat changing direction and starting over with just a month to get his team ready and to re-invent the WF Scoreroom. He worked tirelessly to make sure teams from all over the world received a chance to be seen and scored for their hard work this year – and all with an upbeat attitude and the careful planning he is known for.

Jeff got involved with Odyssey the same way so many officials have—his daughter Julie. When she was in sixth grade she asked him to be the coach of her balsa team. He said yes and hasn't left the program since—his daughter is now 39!

According to his wife Harriet, Jeff goes all in when he's part of a project—whether it be for Odyssey of the Mind, the Philadelphia Folk Festival where he volunteered running the lights and power for this 3-day festival with 20,000 attendees, or his long successful career with Xerox Corp; "Jeff cannot sit still; he always has projects. This means that when the kids are involved in things, Jeff is INVOLVED. For example, with Cub Scouts, this meant building a new pinewood derby racing track with automatic timing built in."

He's also been quite involved with Odyssey since he was a Problem 4 Coach. After several years of coaching, he moved to judging. Because of his analytical nature, it was an obvious move to scorechecking and Scoreroom. At the same time, Jeff volunteered for activities at the New York Odyssey of the Mind and

Greater Rochester Regional Odyssey of the Mind levels. Jeff's first WF judging assignment was in the Scoreroom in 2000. He quickly became APC for scoring, and took over IPC in 2012.

In his local association, Jeff became the treasurer for both New York State Odyssey of the Mind Association and Greater Rochester Regional Odyssey of the Mind in 2007. He was also a NYSOMA board member. Later, Jeff and Harriet moved to England for expat assignments for Xerox. Jeff gave up almost all his Odyssey positions, but the NYSOMA Board did not accept his resignation from the treasurer. Even from England, Jeff did the taxes! Once they returned, Jeff became fully invested in Odyssey once again.

Jeff's family has also been involved. His wife Harriet has been a judge locally and at World Finals. Julie moved from being a team member to volunteer. His younger daughter, Lianne, never competed, but volunteered as soon as she was old enough. Lianne has been judging at Worlds for many years.

Jeff graduated in 1977 with a BS in Electrical and Computer Engineering and a job with Xerox Corp in Rochester, New York. He worked for Xerox for 36 years until retirement in 2013, after which he went to work for OotM full time. He's the eldest of eight siblings and grew up in Philadelphia before moving to upstate New York for college.

In addition to being the ultimate engineer, Jeff loves the arts. When not in Odyssey mode, he and Harriet like to travel—to learn and to enjoy the arts. When they lived in England for two years, they saw 68 plays, musicals, concerts, operas, and museums in London. They've also traveled Europe extensively visiting ruins and other historical sites, performances, and art.

At home, they support their local theatre, art museum, photography museum and Philharmonic groups. They are members of the Stratford Festival in Stratford, Ontario and the Shaw Festival in Niagara. And further away in New York City, they are members of the Metropolitan Museum of Art, Lincoln Centre, Carnegie Hall, and the Public Theatre.

Jeff's willingness to work with others, his ability to take charge when needed, and his care towards how teams are judged and scored show Jeff's Odyssey spirit. He showed this even more when World Finals went "Virtual," although his dedication and integrity are as real as ever.

### Team Awards

# Ranatra Fusca Creativity Award

he Odyssey of the Mind Ranatra Fusca Creativity Award is given to a team or individual for demonstrating outstanding creativity. This award embodies all that the Odyssey of the Mind program represents. It is presented at all levels of competition from regional tournaments to World Finals.

Individuals and teams who receive this award at World Finals are presented with gold medals, and their coaches receive a plaque for their school. The names of these individuals and teams are engraved on the Ranatra Fusca trophy. This tradition has been honored every year since 1980.

The Ranatra Fusca trophy is displayed each year at the World Finals Awards Ceremony and at the Creativity Festival. It has also been on display in Explorer's Hall at the National Geographic Society building in Washington, D.C.

### **OMER's Award**

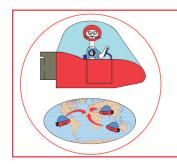

OMER's Award recognizes those individuals, coaches, team members, parents, officials and others who, during a tournament, serve as exemplary examples or role models through their actions or words. This award is also bestowed on team members who exhibit exceptional skill and talents. Each recipient of an OMER's Award receives a special medal.

### PLACE AWARDS

Teams placing 1st, 2nd, and 3rd in each problem and division receive a trophy, and each member of those teams receives a medal. Teams placing 4th, 5th, and 6th receive an honorable mention at the Awards Ceremony and a certificate.

# Virtual World Finals Teams

# Loneshot Solution

International Problem Captain: Wayne Otte, NY
Assistant Problem Captains: Randy Burton, NC &
Vicki Cox-Golder, AZ

Agroup of "Longshots" believe a disastrous event that threatens the world is about to occur and must stop it. Because no one takes them seriously, it is up to the Longshots to solve the problem. To succeed they must send materials from all corners of the world using vehicles that overcome obstacles and travel simultaneously into and out of a Reaction Area.

As time counts down the Longshots will use the components, including baking soda, to create

a reaction that produces a very special effect and saves the day!

**Divisions I, II, III, & IV**

# NET Working

International Problem Captain: Carol Biros, PA
Assistant Problem Captain: Sean Leach, VT

Tomputers, satellites, and servers work continuously to allow people from all over the world to network with each other. These networks give us access to information including communications, messages, and videos. In this problem, the networked devices are characters who work to keep the world connected. During the performance, an image, a text message, an email and other information will be transmitted between locations in a team-made system. Pop-up advertisements appear and a malware character will infect the network and take it offline. An anti-virus hero comes to the rescue and team-made instruments will be used to present an original song that explains their jobs.

# THE EFFECTIVE DETECTIVE

# International Problem Captain: Matt Lopez, NY Assistant Problem Captains:

Jimmy Cornn, KY & Teri Reist, TX

ou will be introduced to one of the greatest detectives the world has ever known as they follow clues to uncover the truth behind some of history's real-world mysteries. The detective will investigate different types information, including a clue that is a "red herring" i.e. a distraction, and do intellectual battle with a supervillain who wants the detective to fail. Sounds will ring out and settings will creatively change to set the scene and highlight the action. The team will also have the choice to use the smallest space possible to store its solution for points.

Divisions I, II, III & IV

# BALSA Limbo

International Problem Captain: Walter Barletta, FL
Assistant Problem Captain: Buck Zachry, GA

eams will build balsa wood structures that are created by adjusting its interconnected parts. When the parts are not in the final form for weight testing, they must be able to pass under a limbo bar. Higher score will be awarded for how low the bar is when the structure passes under it. However, the bar is not allowed to be lower than ½"! The limbo bar test and maneuvering the structure for testing will take place during the performance time. Testing of the structure will take place during a performance with a theme about dancing and movement.

# CIBBERISH OR NOT

International Problem Captain: Sharlene Smith, NY
Assistant Problem Captain: Daniel Brakopp, GM

enius or not so smart, statements change from Gibberish at the start. Do the thoughts shine or miss the mark? Masses think they're being led out of the dark. A Champion arranges meetings with those in power, and gibberish ideas bloom like a flower. The crowd replaces thoughts with wisdom, and a Child sees it is all just humdrum. Misinterpreted over and again, twisted words fly in the end. Music blares and the celebration is wild, and misunderstanding is accepted by the child. The performance will explain why the child does not reveal the truth that what they believe is wisdom was really just gibberish.

### THE FASHION BUC

Primary Coordinator: Jackie Otte, NY

he team's problem is to create and present a humorous performance that includes a fashion show for insects. An up-and-coming designer will be highlighted as a narrator describes the odd and curious fashions as they are modeled. A team-created song, a commercial, and a critic who reviews the Fashion Show are all part of the performance.

### **Grades K-2**
